# REJECTED SUITOR DIES BY POISON

Widow Refused to Wed Herling Because He Had Consumption.

Behind what at first seemed a prorade suicide in Myers's Hotel, Hoboken, last night, was a pathetic little story of a disappointed suitor and his vain chase half way across the continent, in an effort to induce a woman to marry him. She refused, however, to link her life with that of a man ill of a fatal disease, and then it was that he took poison.

consumption, registered at the hotel on Sunday as Walter Herling. On the same day Mrs. A. Tilloch, a comely widow of thirty-five, returned to the hotel from Chicago. She had first appeared at Myers's on Oct. 19, accompanied by her two children, with whom she had just arrived from Bremen. She said she was! going to Lindsay, Cal., where she was engaged to marry a Western man. On her return Sunday she announced

that she had decided not to marry and was going back to Germany. Then Herling disappeared. True to her determination, Mrs. Tilloch sailed for Germany on the Kaiser Wilhelm II. on Tuesday. Last night Herling was found dead in bed.

W. T. Richards Dies Suddenly.

NEWPORT, Nov. 9.—William T. Rich ards, a marine artist who gained considerable prominence by his exhibition of paintings at the Centennial Exposition in 1876, died suddenly in this city yesterday from heart disease. He was bern in Philadelphia in 1823.

#### CONSUMPTION The man, apparently suffering from NO LONGER A FATAL DISEASE.

If any one tells you that consumption is incurable, don't believe it, be cause the Dr. Anderson X-Light proves it can be cured.

The reason that so many cases consumption are not cured is because patients in the first stage are so often treated for bronchitis or asthma or catarrh of the tubes, instead of first stage of consumption.

You may have consumption and not Symptoms of the early stages of consumption are so slight and deceiving that failing health, loss of appetite or strength or a clinging cough or cold should be a warning of the dangers of neglect.

An examination by the Dr. Anderon X-Light reveals instantly the extent, severity and any stage of the ailment. It enables the doctor to differentiate and not confuse catarrh of the tubes with asthma, or mistake consumption for bronchitis, or vice versa, as is so often the case where the only means of examining these puzzling diseases has been to listen with the ear from the outside or by
